WI-FI

**OUR CAVE STORY**  
Within walking distance of your campsite is the entrance to a spectacular limestone cavern with large galleries and fascinating rock formations. Our cave is consistently rated as one of America's finest caves. Be sure to take the Crystal Palace Tour - an easy walking 45-minute guided walk through the most geologically active cave in the southeast. See reflection pools, onyx curtains and a rare "shield" formation. The cave is open year-round and is always at a very comfortable 60 degrees. Show your yellow camp receipt to receive a \$2.00 discount on adult admissions and a \$1.00 discount on senior and child admissions.

Group Use Area

**EMERGENCY 911**
